Kindergarten Activity Worksheets

Dear Teacher/Parent,

The gracious hand of our God has allowed the opportunity to present the Kindergarten Activity Worksheets with substantial help and input from many sisters, for which we are grateful.

Our aim in presenting these worksheets is to reinforce the material in the lesson notes and provide interesting activities for 3-4 year old children. There is a great range of skills and different levels of development in this age group and we have attempted to address this with a variety of activities. Please use discretion in the setting of tasks as required by the individual student so that each might be encouraged in these wonderful and dramatic scriptural events.

"We will not hide them from their children, shewing to the generation to come the praises of the LORD, and His strength, and His wonderful works that He hath done." Psalm 78:4

If you have any suggestions or have activities of similar style we would welcome any contributions. For further ideas please make use of the free resources and teachers' helps on the C.S.S.A. website.

Our prayer is that Yahweh will bless the endeavours of young minds to grow in an appreciation of His ways.
