

# SENIOR PROJECT - DIVISION 15 - Baptised

## STAGE 1 - THE PREPARATION OF THE KINGDOM

### Guidelines

The Senior Project has been designed as a Bible marking exercise. The project includes 4 assignments that cover some of the most important topics in Stage 1. The Sunday School notes provide information to start you off on any of the assignment topics. You are however, encouraged to go beyond the notes in your research and preparation of each assignment.

Each assignment may be presented as a Bible insert page or completed in the margins of your Bible. It is essential that the work completed in your margins must have photocopies of the work done, presented for assessment. Do not worry about colour as we are interested in content and presentation.

You should select 4 assignments from the 8 topics given. The aim of project work at the Senior level is to encourage and develop Bible Study and Marking skills. To this end the marking of the assignments will concentrate on the evidence of independent research and logical presentation in a concise manner.

Please note that all Senior projects whether prepared on computer or by hand will be accepted and eligible for Association awards but will be marked primarily on content and layout. However, it is also important to realise that the main aim of the project is to develop concise note preparation and hand writing skills for making markings in your Bible. This is considered the most readily accessible means of making and recording notes for the majority of students and therefore a common basis for assessment of the work done. If using a computer ensure that the fonts are clear and the size needs to be easily read (no less than 8 pt).

#### Resource Materials:

We have provided some material which may be beneficial. These ideas may be adapted to suit margin Bible marking as well. They are provided as suggestions only to give some idea of the amount of work required for each topic. You will also find Family Bible Studies for Stage 1 very helpful (available for download at [www.cssa.asn.au](http://www.cssa.asn.au)).

In researching the subject material for each of the assignments, make sure you check the Reference Library at the end of each lesson in the Sunday School notes. There are many other reference works as well, so check with your Teacher or Sunday School Superintendent. Should you require further help please contact us by emailing [projects@cssa.asn.au](mailto:projects@cssa.asn.au).

#### Insert Sheets:

Seven sheets of Bible marking insert paper have been provided. On completion, if you have prepared a Bible insert sheet, place it in a clear plastic bag with an A4 sheet of paper for support. This will keep the sheet in good condition for placing in your Bible on its return.

On completing your project remember the following:

- Read through your work, ensuring it makes sense and there are no spelling errors.
- Make clear and readable photocopies of your Bible marking for all Bible Marking Assignments completed in your margin.
- Place each Bible marking insert into a clear plastic bag with an A4 sheet of paper for support and then into the project folder in the correct order. There should be at least 4 sections in all including photocopies of any Bible Marking in the margins of your Bible.
- Do not place your name on any part of your work.
- **Remember to photocopy your insert sheets for use in the open bible exam before handing them in.**
- Hand in your project folder by the due date, **15th July 2018**, to your Sunday School Secretary or Superintendent.

## STAGE 1 - THE PREPARATION OF THE KINGDOM

### Instruction Sheet

Choose FOUR assignments from the eight topics below. You may either mark them into the margin of your Bible or create an insert sheet. Please note - wherever possible support what you say with Bible references, since we must be able to "prove all things" (1 Thess. 5:21).

The Family Bible Study Sheets available for download from [www.cssa.asn.au](http://www.cssa.asn.au) would be useful in preparing your Project.

<b>Worksheet 1 Creation</b>	<b>Lesson 2</b>
-----------------------------	-----------------

Explain the following features of creation in Genesis 1-2 (illustrations may be helpful):

- The creative work in the six days
- The creation of the first man and woman
- The purpose of God in creation (refer to Numbers 14:21; Isaiah 45:18)
- The seventh day and the significance of the sabbath
