Junior Activity Worksheets Stage 2

Dear Teacher/Parent,

Through the grace of God we have once again come to stage two of the Junior Bible Worksheets. This collection of puzzles, crosswords and activities is a reminder of the wonderful stories found in the early parts of the Bible.

Our aim in presenting these worksheets is to reinforce the material in the lesson notes and provide interesting activities for 9-12 year old children. There is a great range of skills and different levels of development in this age group and we have attempted to address this with a variety of activities. The worksheets will also encourage hand written skills and simple research to assist in developing early steps in Bible study activities. Please use discretion in the setting of tasks as required by the individual student so that each might be encouraged in these wonderful and dramatic scriptural events.

"We will not hide them from their children, shewing to the generation to come the praises of the LORD, and His strength, and His wonderful works that He hath done." Psalm 78:4

If you have any suggestions or have activities of similar style we would welcome any contributions. For further ideas please make use of the free resources and teachers' helps on the CSSA website.

Our prayer is that Yahweh will bless the endeavours of young minds to grow in an appreciation of His ways.
